**Three key issues discussed/agreed at the meeting and their impact on the third sector**

**1. HELATH AND WELL BEING STRATEGY**

Impact on the third sector: organisations will benefit from reading the H&WB strategy to see how and where the services/activities they offer might fit in. This will assist in the development and evidence of needs for service/activities, ultimately in the improvement of residents' health.

**2. REPORTS TO THE H&WB BOARD**

Impact on the third sector: GAVS to deliver a presentation about 'Representation & the Third Sector' to the H&WB Board in January 2011. This will start to improve awareness of third sector representation amongst boards.

**3. WORKFORCE HEALTH PROGRAMME UPDATE**

Impact on the third sector: POH to meet with Director of GCDA to discuss this in greater detail and what steps might be taken to improve the H&WB of third sector workforce.

**Any Personal comments you had about the meeting**

- Packed meeting with a lot to take in. More than mentioned above was discussed, information can be obtained from POH.

**Any ideas/Views you want from the sector about this or future meetings**

- It is very important that we as third sector organisations feed into the development of the H&WB Strategy and get involved in the actions which arise from the action plan. Please let me know your comments on the strategy by 1<sup>st</sup> December 2010
